Dear Mr. Al Eskanazy and Members of the CPR Foundation Board,

On behalf of the students and staff of the Harriet Eisman Community School, I want to express our deepest gratitude to you and the entire CPR Foundation for your generous gift of tickets to *MJ the Musical*.

For most, if not all, of our students, this was their very first Broadway experience. Watching their faces light up as they entered the theater and witnessing their excitement throughout the performance was truly unforgettable. Many of our students had never imagined they would have the opportunity to see a Broadway show, and thanks to your generosity, they were able to be part of something so special.

The experience created memories that will stay with them for years to come. In fact, they are still talking about it today. The music, the energy, the talent, and simply being in a Broadway theater made such an impression on them. It was far more than a night out—it was an opportunity to experience the arts, broaden their horizons, and feel a part of something extraordinary.

This is something we have never been able to provide for our students before, and we are eternally grateful. Thank you, Mr. Eskanazy, and the members of the CPR Foundation, for making this experience possible. Your generosity brought so much joy to our students and created memories that they will carry with them for a lifetime.
