To: Board of Directors:

On behalf of The Way Miami, I would like to share my appreciation for the \$2,000 donation made by your organization. Thankfully, we were able to provide Publix gift cards to families who have been deeply affected by this unprecedented crisis. Throughout this difficult season, our goal has been to do our part in providing low-income families in our community with meals. Your donation allowed us to continue in our efforts and we are ever so grateful for your partnership.

I invite you to visit our Facebook page for community outreach, Hands of God, to see pictures of our food distributions and outreaches. I look forward to any future partnership with the Greater Miami Beach Police Foundation.

We pray that you and your families are safe and healthy!

Sincerely,
