Chairman Eskanazy,

On behalf of the Sensei Bill Scribner, and the instructors and students of Ulster Budokai, I would like to offer our sincere thanks for the generous donation of \$1000.00 made to our Special Needs Judo program by your foundation. The money will allow us to improve the mat area used by the students and will increase the margin of safety as the classes continue to grow in size. When we first spoke regarding special needs students who are diagnosed on the Autism Spectrum, I was impressed with your knowledge and your dedication to this cause. When the foundation pledged \$1000.00 to assist us I was pleased and humbled, but not surprised. As you know, through my professional life as a Troop Commander with the New York State Police I have seen many examples of how your foundation helps organizations and individuals in a time of need. Judo is a sport that teaches humility and supports the idea that giving back to the art is a large part of being there in the first place. I feel fortunate that I am able to offer my time and experience to help children with autism learn and grow in any way that they can. Your willingness to help speaks volumes about your personal character and the ideals upon which New York's Elite Police Foundation is based. Please extend my thanks to Barry, Peter and Joe as well. You once again have made a difference in peoples lives.

Yours Truly,

Wayne C. Olson
